HON. JOSEPH JOEY S. YUIPCO:

Good afternoon, Mr. Chair and to my colleagues. I have here a committee report.

Subject:

BRGY. ORDINANCE NO. 02 SERIES OF 2024 OF BRGY. AURORA, THIS CITY: A COMPREHENSIVE BARANGAY CODE PROVIDING FOR THE SUSTAINABLE MANAGEMENT DEVELOPMENT AND CONSERVATION OF THE MUNICIPALITY WATERS AND ITS COASTAL RESOURCES, HARMONIZING AND INTEGRATING ALL ORDINANCES PERTENENT THERETO AND FOR OTHER PURPOSES.

FACTS/FINDINGS:

A careful and diligent review led to the following findings:

- 1. There was no public hearing and consultation before the barangay ordinance was enacted. Marginal fisher folks, stakeholders and local communities were not given the opportunity to voice their opinions on the lawfulness of the ordinance.*
- 2. The ordinance failed to mention technical descriptions or reference points that may outline the municipal waters. This is vital because its delineation/dilatation of municipal waters will determine the geographic extent of a municipality/city's taxation or revenue generating power, law enforcement jurisdiction, resource allocation, and management authority.*
- 3. FARMC (FISHIRIES AND AQUATIC RESOURCE MANAGEMENT COUNCILS) was not consulted as a part of the process of preparing and recommending policies and plans.*

RECOMMENDATION:

WHEREAS, the aim is to update the RSBSA to provide a reliable source of farmer and farm information and serve as basis for implementing various programs such as providing

production input and financial assistance, insurance services, and other interventions that cater to the Filipino farmers and fishers;

WHEREAS, both Parties recognize the importance of ensuring the security, confidentiality, and integrity of the data processed under the Agreement, particularly in relation to the Registry System for Basic Sectors in Agriculture (RSBSA) and other agricultural initiatives;

NOW THEREFORE, on motion of Honorable Joseph Joey S. Yuipco seconded by Honorable Joshua Emilio S. Geli, it was unanimously

RESOLVED: To pass a resolution authorizing the Honorable City Mayor Pablo Yves L. Dumlao II to enter into a Data Processing and Non-Disclosure Agreement with the Department of Agriculture Regional Field Office XIII, regarding the LGU's access to the Registry System for Basic Sectors in Agriculture (RSBSA).

RESOLVED FURTHER: That copies of this resolution be furnished Honorable City Mayor Pablo Yves L. Dumlao II, Department of Agriculture Regional Field Office XIII, and City Agriculture Office, for their information and guidance.

Honorable Bayana was recognized.

Honorable Bayana continued reporting

HON. JOSE EXPEDITUS B. BAYANA:

The next report is the request for approval of the Preliminary Subdivision Plan of an open market of subdivision, which is a project of the City government located in Barangay Cagniog Surigao City.

Per evaluation report attached by the City Planning and Development Office, the Preliminary Subdivision Development Plan has already complied with all the requirements. The Preliminary Subdivision Plan for Phase II of the City Country Homes Subdivision projects located at Barangay Cagniog, this City has complied specifically with the Presidential Decree 957.

The law regulating the sale of subdivision of lots and condominiums providing penalties for violations of thereof and as well as Batas Pambansa 220 the economic and socialize housing projects. It has also complied with Memorandum Circular No. 09 series of 2018, of the Housing and Land Use Regulatory Board, which has since been merged under with the Department of Human Settlements and Development.

Findings: finding the request of the City Mayor to be reasonable, which is recommended the corresponding resolution be passed approving it.

Subject, however to the reservation by the Committee on Urban Development and Land Use that it would seem that the situation is absurd, since the City government is asking for the approval of a project which itself has initiated.

May I move on the adoption of the committee report, Mr. Chairman?

The motion to adopt the committee report was approved. Thereafter, a motion was presented and favorably seconded and approved, to wit:

The committee chair requested resource persons from CPDO and ENRO to discuss the matter. While waiting for the resource persons, the august body proceeded with other items in the agenda.

C. Business of the Day:

2nd Reading:

- Proposed Ordinance "An Ordinance Declaring a Portion of the Surigao City Boulevard (I Love Surigao Area) as a Coral Reef Preservation Area and For Other Purposes."

RULES ARE SUSPENDED to allow the resource persons to join the discussion.

ATTY. LEX JOSHUA ANDREW U. SILVOSA/ CITY LEGAL OFFICER:

Good afternoon Mr. Chairman, to the Honorable Body good afternoon. With us here is a proposed ordinance declaring a portion of the Surigao City Boulevard as a Coral Reef Preservation area and for other purposes.

Originally the ordinance was intended to the area within the "I love Surigao" portion of the Boulevard. However, per assessment of the Bureau of Fisheries and Natural Resources, they submitted a report after conducting an assessment and survey within the area.

So let me read the assessment report first so that we have basis on our proposed ordinance. Technical staffs, scuba divers from BFAR XIII spearheaded under water assessment of the proposed site of marine park last February 7, 2024. Covered on that assessment was the front facing the "I love Surigao" landmark. An assessment was also conducted by the said office within the Boulevard Area. Now, during the assessment this was discovered... this report was discovered.

The results of the said assessment are herein: Coral cover, the average hard coral cover in the proposed site in Surigao City was only 10%. So they see a declining number of hard coral cover within the area. However, for soft coral cover for soft corals, they found out that there was still 34% in the said area. But apparently, they also found out that there was 18% of dead corals within the area. Although it is sad to note, but these were the findings of BFAR who conducted the scuba assessment of the area.

Now also within the area they also found out that there are a lot of fish species and there is richness and abundance within Surigao Boulevard area. They found out that the proposed area for

659 marine park has 29 fish species within the area. And I will not mention everything but they found
 660 out that there is moymoy kung sa ato pa sa Surigao, palata, clown fish which is which more or less
 661 are living within corals. They also found out that there is also gapas- gapas, muong, labayan,
 662 baga-baga. And a total of ah... they also found out that there is lipte and timbungan within the area.
 663 They found out that there is a total of 844 fishes during the said inspection. So let us to go to the
 664 conclusion, wherein this will be the source of our proposed ordinance. Their conclusion stated, the
 665 results from the underwater assessment conducted in the proposed site in Surigao City, shows that
 666 with regards corals, soft corals dominates the benthic composition of the area with 34%. Hard coral
 667 cover comprises only 10%. Several species of coral recruits were observe in all areas. However,
 668 the area some degrees of resilience to both manmade and natural cause damage to the coral reef
 669 area. So clearly per report, jaoy na gajud nangadaot tungod sa ato conduct not only manmade but
 670 also natural because of the last super typhoon that hit us.

671 Protecting the existing coral reef will ensure fish abundance and benthic species diversity
 672 in the future resulting in high species diversity for both flora and fauna in the area, that would
 673 hopefully increase the fisheries production. The following are the recommendations for the
 674 conservation and protection of the proposed marine park.

675 First, to install marker buoys and other paraphernalia for the delineation of the area.

676 Second strengthen the law enforcement area to preserve the natural marine resources.

677 Third, is to put a permanent anchor or mooring buoy should be established in the marine
 678 park so that patrol boats, boat guide for local and foreign divers and any boat that would
 679 dock or conduct reef assessments will attach to the said permanent mooring anchor buoy.

680

681 That is the report of BFAR Region after conducting a survey within the area.

682

683 Atty. Silvosa further read other sections of the proposed ordinance which were subject to
 684 clarifications during the committee meeting.

751 programs.

752

753 Honorable Jose Expeditus B. Bayana inquired about the presence of vendors in the area,
754 to which Attorney Silvosa explained that a buffer zone would be established to prevent garbage

756 security guards and coordination with local authorities for regular clean-up activities.

757

758 Regarding the docking of commercial boats, Attorney Silvosa stated that they would be

1117
1118 We go now back to the urgent request, Councilor Catre is hereby recognized. We have
1119 already the, our resource persons, uh, of the CPDO, Uriel Correos and Council rather uh, Engr.
1120 Casurra and perhaps Atty. Lex here who is also on, and Atty. Eguna also back because she is now
1121 the compliance management specialist.

RULES ARE SUSPENDED to allow our resource persons to answer questions that will be elicited by the members of this council with respect to this urgent request of the City Mayor. What is this all about? and give us a rundown of what is this to be entered into? And why do we have to enter such a Memorandum of Agreement? Uh, Uriel, you have the floor.

MR. URIEL EUGENIO S. CORREOS/CPDO ASSISTANT COORDINATOR:

Uh, yes, Good afternoon. Thank you, Mr. Chair, and good afternoon to the members of the honorable council. If you remember several weeks back, we presented the proposal for the development of the DENR Eco Village and the Huy-anan nan Badjao. Uh, it's a housing project for the Sama Badjao. We process our application with the DENR for a gratuitous special use permit. But upon the evaluation of the DENR CENRO, they presented the option that instead of a gratuitous special use permit, given the evaluation of our prepared management plan for the project, the DENR proposed instead to undertake a Memorandum of Agreement between the LGU and the DENR for the same area, given that the area has an earlier department administrative order delineating and designating the same as a DENR Eco Village.

So practically, Mr. Chair, the MOA is uh covers the, the, the agreement between the proposed agreement between the DENR and the Local Government unit to jointly undertake the development of the earlier designated area as a DENR Eco-Village.

HON. ALFONSO S. CASURRA/PRESIDING OFFICER:

In other words Uriel when you said earlier that the process is first initially for us to apply for a gratuitous permit, it will take a long, long time and it will be approved by whom?

MR. URIEL EUGENIO S. CORREOS/CPDO ASSISTANT COORDINATOR:

Uh, before under the Department Administrative Order 2022-01, the approval was within the ambit of the Regional Executive Director. But there is a new Department Administrative order issued by the Secretary of the DENR, uh, suspending all the approval of the tenurial instruments and other permits within the regional level. It will have to go through the Central Office with the approval of the Secretary, this is one of the areas that is also being considered by DENR CENRO in the evaluation of our gratuitous permit application.

HON. ALFONSO S. CASURRA/PRESIDING OFFICER:

In other words, the CENRO now is trying to tell us that if we pursue with the gratuitous permit. It will take a circuitous time and, uh, the approval. Whereas, when we enter into a MOA with them, the approval will just be at the Regional Office?

MR. URIEL EUGENIO S. CORREOS/ASSISTANT CPDO COORDINATOR:

In the Level of the Regional Office. Yes.

So, that includes the MOA here includes not only the Huy-anan nan mga Badjao but also their Eco-village of the employees of the DENR.

MR. URIEL CORREOS/ASST. CITY PLANNING OFFICER:

Yes, that covers Phase 2 of the development of the area.

Hon. Noel Christian G. Catre, Jr. inquired about the DENR Eco-Village during a meeting chaired by Hon. Jose Expeditus B. Bayana. Mr. Uriel Correos, the Assistant City Planning Officer, explained that under DAO 99-42, there is a designated 20-hectare area in Sitio Panubigon for the DENR Eco-Village. However, due to lack of funds, DENR has not developed it as intended. They proposed a partnership with the local government to develop the area, with phase 1 for the Huy-anan nan Badjao and phase 2 for the DENR Eco-Village.

The Eco-Village is not just for DENR employees but will involve a stewardship agreement to preserve and conserve the forest land. Initially, it will be exclusive to DENR employees, but later it will be shared with the Sama-Badjao Tribe. The area will not have permanent housing, but it will involve mangrove propagation and aquaculture.

The discussion also touched on the possibility of converting the timberland area into disposable and alienable land. However, it was agreed that this area would be excluded from any conversion efforts. Amendments were suggested to clarify the MOA, including specifying the responsibilities of DENR and incorporating provisions for mangrove propagation and aquaculture.

HON. NOEL CHRISTIAN G. CATRE, JR.:

Mr. Chairman, I move to pass a resolution authorizing the Honorable City Mayor Pablo Yves L. Dumlao to enter into a Memorandum of Agreement with the Department of Environment and Natural Resources – Region XIII for the development of a parcel of land denominated as Lot No. 7298, Cadastral 234 located at Sitio Panubigon, Brgy.
