Mr. Chair we have a facts that Barangay Washington recommended amendments to Ordinance No. 463, Series of 2022, in the schedule of their Tabo and imposition of fees. However, upon verification of this representation. Thank you, Mr. Chairman. This is an urgent request by the Honorable City Mayor, Pablo Yves L. Dumlao, II for an authority to apply for a revocable permit application with the DENR, which is a preliminary step towards acquiring the said facility, which is being planned as a site for the Proposed Regional Fish Port Project, to be funded by the Fisheries Development Authority under the Department of Agriculture. May I ask for the suspension of the rules, Mr. Chairman? So, we can invite Engineer Jo Al Casurra for further presentation.

RULES ARE SUSPENDED.

ENGR. JOSE ALFONSO A. CASURRA/CITY ENRO OFFICER:

So, good afternoon. Good afternoon to the members of this Council. So, the City ENRO will be in charge of the application for the revocable permit application in relation to the Proposed Fish Pond, Fish Port Complex, to be funded by the Philippine Fisheries Development Authority, or PFDA, of the Department of Agriculture. Next, please. So, for a background, as mentioned, the Local Government of Surigao City has received a proposal from the Philippine Fisheries Development Authority for the development of a fish port fronting the existing Fish landing to utilize and utilize the ice plant of the PFDA after rehabilitation.

To ensure that the LGUs proper authority to develop the said area covering the foreshore areas, including the PACEMCO port site and the municipal waters at the tenurial instrument must be secured, such as the Foreshore Lease and Miscellaneous Lease Agreement.

So, for a background, what is a Revocable Permit Application? It is a permit issued for a temporary occupation of the said tract of land not covered by a regular public land application. So, kani siya na lupa nga atong gi-applyan naa, it will be disposed by the DENR, which we will be applying to. So, ang atong PACEMCO Port Site is already under a foreshore Lease Agreement, and the Municipal Waters fronting the existing fish landing is for the miscellaneous lease agreement. So, the revocable permit, next please. The revocable permit application is only valid for one year, renewable for another year. So, two years lang ni sya na application while it is a precursor permit prior to the foreshore lease or miscellaneous lease agreement. So, before we um, to have authority over the area, ma-secure ra nato ang authority sa area murag authority to enter the property. So, we will, we have decided to apply for a RPA prior to the tedious foreshore or miscellaneous lease agreement because the miscellaneous lease agreement requires publication and other um, uh, tedious documents to be processed because it is a 25 years tenurial instrument, renewable for another 25 years so 50 years in a total gyud siya. So, mao na sya na, the revocable permit was sought for the said area.

So, um, for reference, we have three lots. Lot No. 1, which is, which is already covered and expired FLA, covering 4,245sq.m. Its current use is the jeepney or bao-bao terminal at the port site. Lot No. 2, FLA Lot No. 2. Um, this covers an area of 8,627sq.m, and it is currently the Wharf of the PACEMCO Port Site. And Lot No. 3, which is a new application, uh, with an area of 49,593 which is currently the temporary boat Anchorage fronting the Fish Landing. So, for reference, mao ni siya ang atong, Government complex, then, sa kilid ang atong PACEMCO port sites. Next, please. So, Lot No. 1 mao ni sya sa Interior. Then, Lot No. 2, the area with the wharf and Lot No. 3, which is the 49,000sq.m. so, mao ni sya ang area for the Proposed Fish Port Complex by PFDA. So, the basic requirements for a revocable permit is for the application form, SP Resolution giving authority of the LCE to apply for a permit, Barangay Certification, sketch plan, and the payment of users fee. These requirements are the basic, no, compared to the tedious and voluminous permit requirements for FLA and MLA. So, for the proposal of the PFDA to be approved here in the City, we will be applying first, for the revocable permit for two years. We will be working within the two years, we will be working for the documents to apply for a 25 years, which is the Foreshore Lease Agreement and for the miscellaneous lease agreement. So that's for the background. Uh, Mr. Chair for the applicant, the proposal or the endorsement of the City ENRO to the City Mayor for the authority to apply for a revocable permit application.

HON. JOSE EXPEDITUS B. BAYANA:

Again, Mr. Chair, good afternoon. Mr. Chair, I move for the proposed amendment of Section
2(A) and Section 15 of Ordinance 228, Series of 2005, be taken on 2nd Reading.

Since the proponent only proposed an amendment on the definition of what a Tricycle for Hire is, the august body proposed that it be discussed in a Committee Meeting of the Whole and consider the possibility of an overhaul amendment or on a piece meal basis.

944

945

946

947

948

949

Because the traffic code has been endorsed from the start of our term, 2022 to 2025, and we were waiting for the entire code, draft of the traffic code to be distributed, so that we can go over it. For example, if Ordinance No. 228 is still being enforced, the one-way street in Sarvida Street has not been implemented. So, what rules are we following now?

950

HON. NOEL CHRISTIAN G. CATRE, JR.:

951

952

953

954

May I propose to the Honorable Chairman, Mr. Chair, that the, to the proponent that we convene as a Committee of the Whole, so that we can...next week? Tuesday...

955

956

957

958

959

The discussion on the matter was suspended. The Committee Meeting of the Whole was then scheduled on Tuesday, April 23, 2024 at 2PM to discuss the same.

- Proposed ordinance entitled, An Ordinance Establishing the Emergency Medical and Response Center of the City of Surigao, Appropriating Funds Thereof and for Other Purposes. (By: Committee on Public Order and Safety / Committee on Health and Sanitation)

965

966

967

Honorable Geli was recognized. **RULES ARE SUSPENDED** to allow the resource persons to join the discussion.

968

HON. JOSHUA EMILIO S. GELI:

969

971

972

973

974

975

Thank you, Mr. Chairman. We have already received the proposed copy of the draft ordinance. There is some more updated version, but it is almost the same, naa ray additional Section 12. So anyway, with regards to this ordinance, I would like to ask our resource person, Ma'am Catherine Olvis, with regards to the background of this ordinance. Anyone from the floor, unsay...what is the general background of this ordinance, why is it needed by the city.

976

ATTY. MA. ISABEL M. EGUNA/COMPLIANCE MNGT. OFFICER, CLO:

979

Good afternoon, Mr. Chair. Good afternoon everyone.

980

981

982

983

Yes, go ahead.

984

ATTY. MA. ISABEL M. EGUNA/COMPLIANCE MNGT. OFFICER, CLO:

987

988

989

990

991

992

993

994

995

996

So, basically, we wanted to pass this Ordinance, Establishing the Emergency Medical Response Center of Surigao City. So, last March 2024, we conducted the first reading on this ordinance and we have also invited several resource persons from 911. So basically, we just wanted to have...yes, yes, from Manila national office. And then, basically, we passed this ordinance in order to consolidate the response team of the Local Government of Surigao. So, that's basically the purpose, because we have different response team for health, we also have different response team for CDRRMO. So, we just want to consolidate such that all emergency cases shall be directed only to one command center, and only to one designated response number, and that is, for this ordinance, it is 911. And this is also in consonance with Executive No. 56, Series of 2008 of President Duterte. So, I think that would be enough.

997

998

999

1000

During the discussion, the august body was informed that the proposed Ordinance will create a command center under the CDRRMO which will receive all emergency calls from every Surigaonons. However, 911 hotline is still to be arranged with a provider in order to localize its coverage because for the time being, when the said number is dialed, the call will be directed to

1001 911 National Office in Manila. A software, computer and other equipment will be procured which
1002 means it would entail a greater amount in the capital outlay on the first year of its implementation
1003 then, on the following years the costs will be based on the subscription of users. Nevertheless, the
1004 resource persons cannot provide a rough estimate of the total cost as the 911 National Office is yet
1005 to provide them one.

1006
1007 It was agreed to suspend the discussion on the matter with a directive to the resource
1008 persons to make quantification as to the amount that is involved.
